Dear Coast Guard First District Craig Lapiejko,

As part of the Hudson River community, 535 concerned residents, staff, family members and volunteers of Hebrew Home at Riverdale by RiverSpring Health want to voice concern about the economic, environmental, and public safety impacts of the proposal to add anchorage sites along the Hudson River from Yonkers N.Y. to Kingston N.Y. with this petition including all their signatures.

The shores of the Hudson River should be a place where we can gather to live, work, and play. They should not become a parking lot for potentially volatile substances.

Respectfully submitted on behalf of 535 concerned residents, staff, family members and volunteers of Hebrew Home at Riverdale by RiverSpring Health,

Josephine Catalano
Director of Volunteer Services
Hebrew Home at Riverdale by RiverSpring Health
Riverdale, New York
Coast Guard First District Craig Lapiejko:

As part of the Hudson River community, we want to voice our concerns about the economic, environmental and public safety impacts of this proposal.

The shores of the Hudson River should be a place where we can gather to live, work and play. They should not become a parking lot for potentially volatile substances.
